ABOUT LNBG COIN

LNBG LONDON COIN DECENTRALISED DEFI PLATFORM WEB3

The LNBG team is developing a bridge protocol that aggregates DeFi and crypto services cross-chain. Combines them with traditional Trading & real estate to create new user-friendly financial products and services..

LNBG Coin will be used to fund the worlds first ever drift trike activity, launched in Dubai, with future plans to expand across a minimum of 14 countries across the world. This coin will be the first to be listed with our brand DRIFT ZONE GLOBAL, with opportunities of developing family friendly sports complexes with various activities for the entire family. We have already confirmed the drift trike and drift kart activity together with this we have planned to add our own restaurants, pubs and a pet friendly environment, all of which will be funded by the LNBG-COIN. You will also be able to transact at these locations using just your LNBG-COIN.

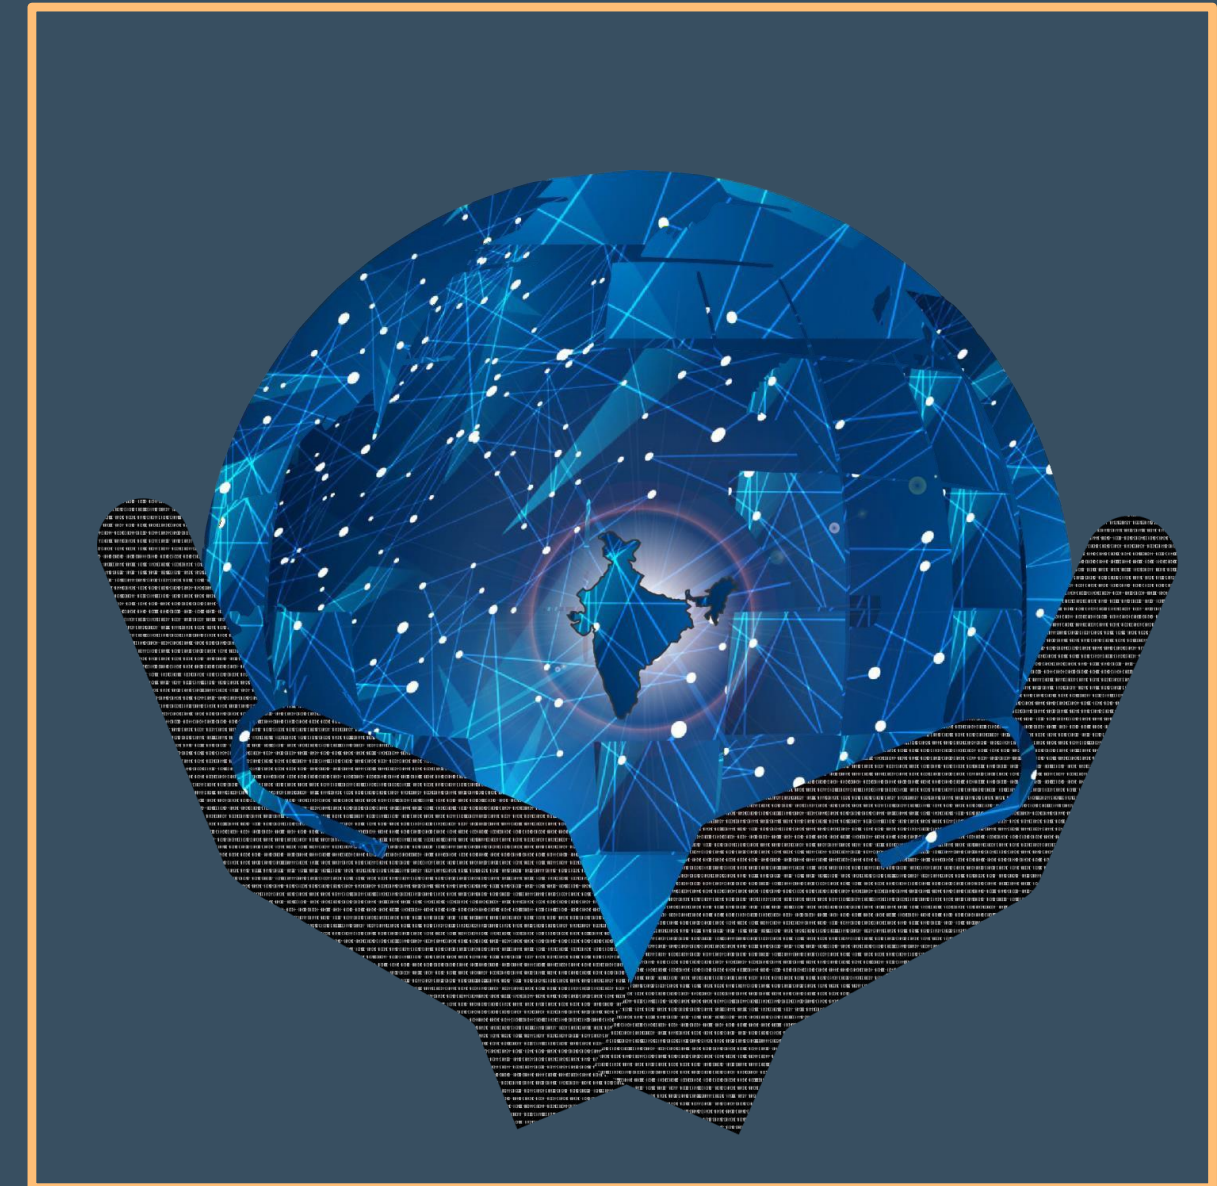

OUR MISSION

LNBG LONDON COIN DECENTRALISED DEFI PLATFORM

We are developing LNBG LONDON out of passion and devotion to block chain technology and innovation. We are extremely confident that LNBG LONDON will open up the cryptocurrency world to a wider audience. To make this possible, we have prepared various solutions to tackle current market difficulties. We encourage you to become familiar with all of these solutions through the contents of this whitepaper.

OUR VISION

Blockchain solutions

We're building the future of finance. Blockchain is the most trusted and fastest growing crypto company, helping millions across the globe – from single individuals to the largest institutions – have an easy and safe way to access cryptocurrency. Known as the world's most popular and trusted crypto Wallet, Blockchain is on a path to revolutionizing the \$14T

financial services industry.

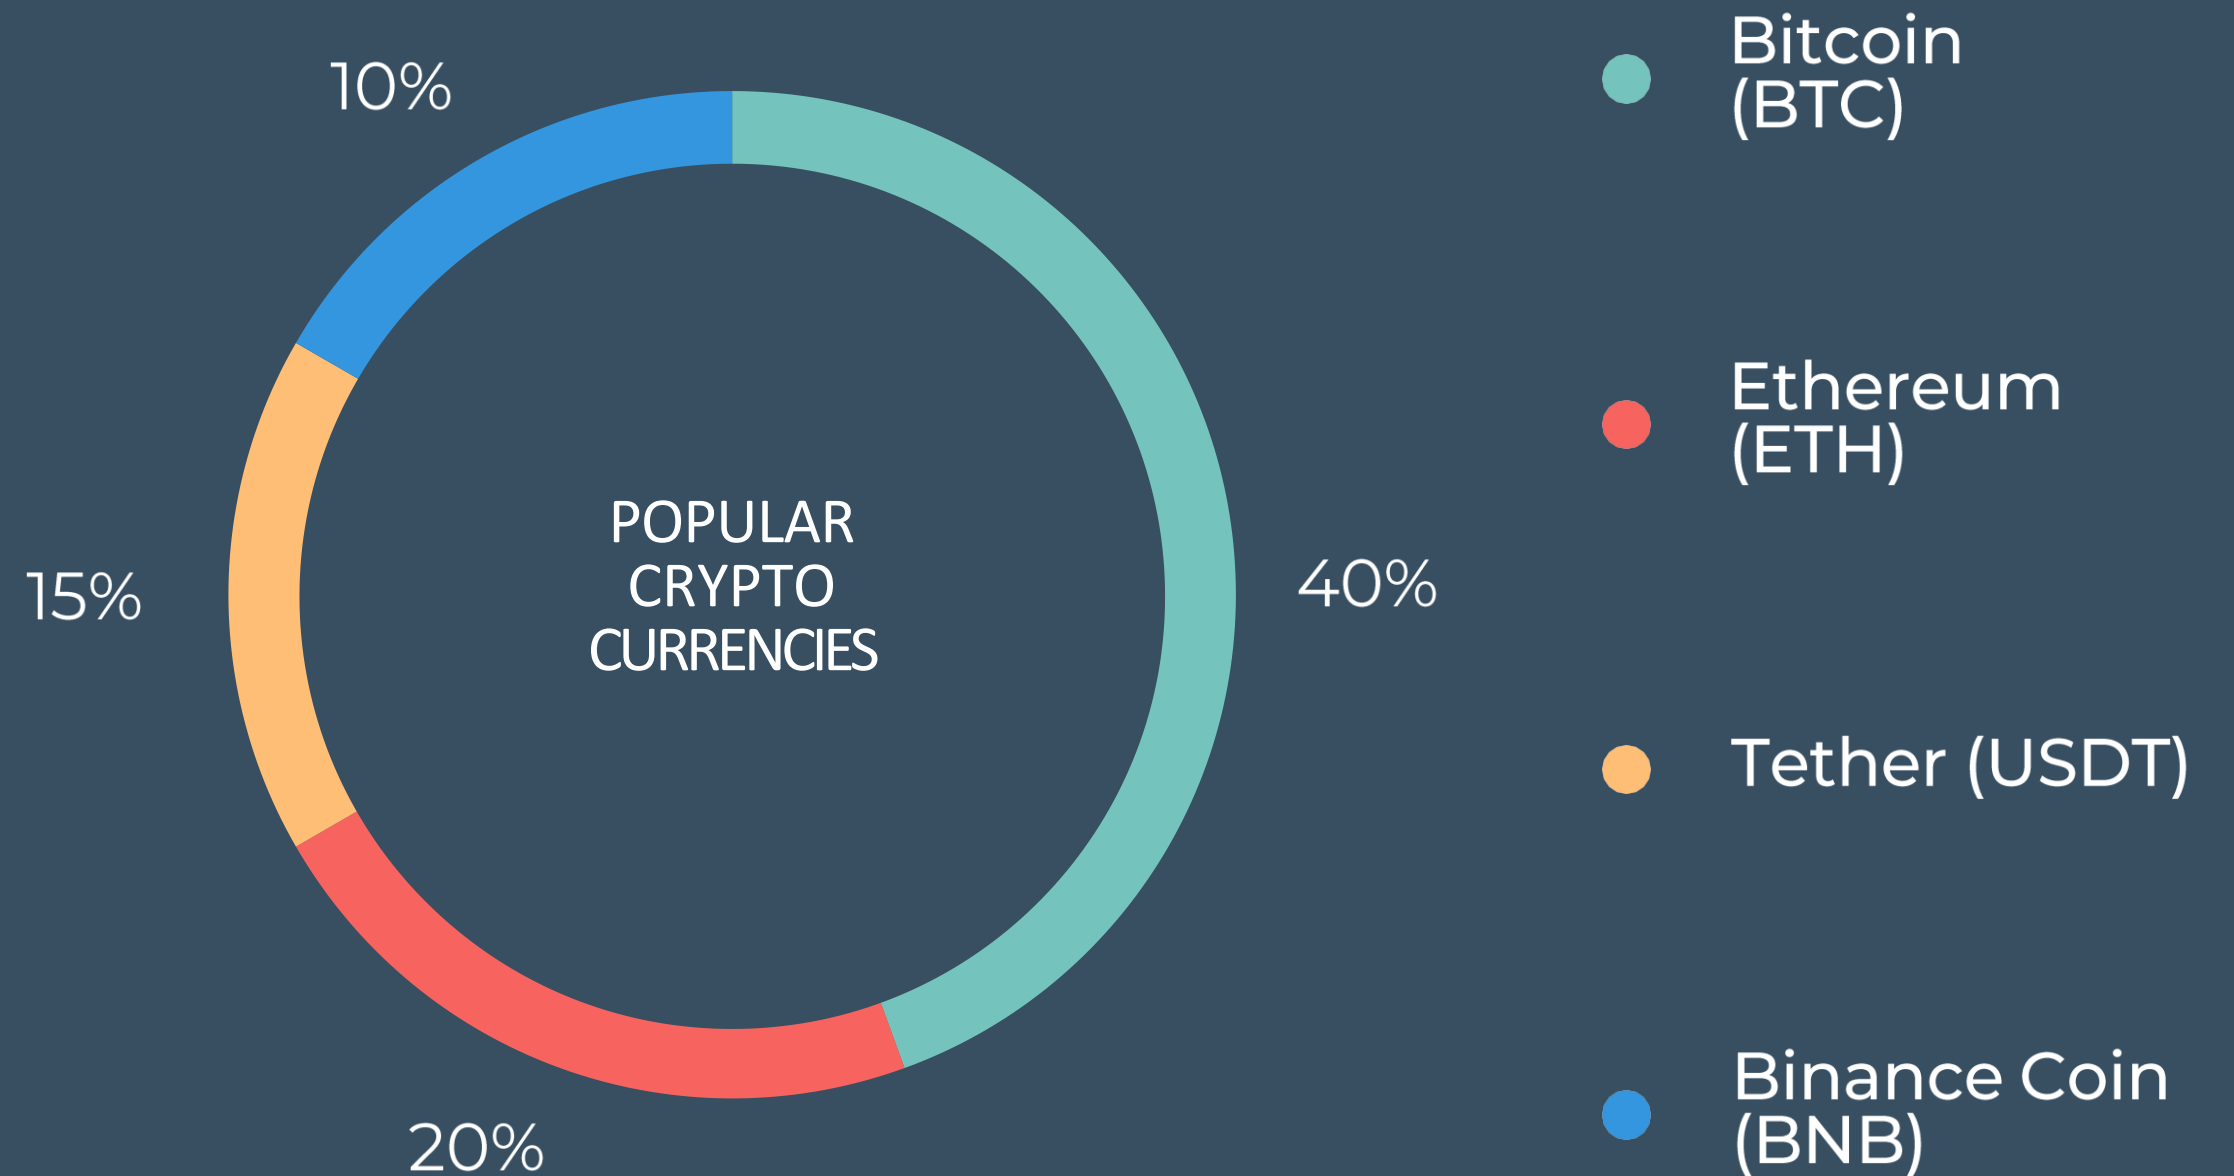

CRYPTOCURRENCY MARKET ANALYSIS

Crypto Market

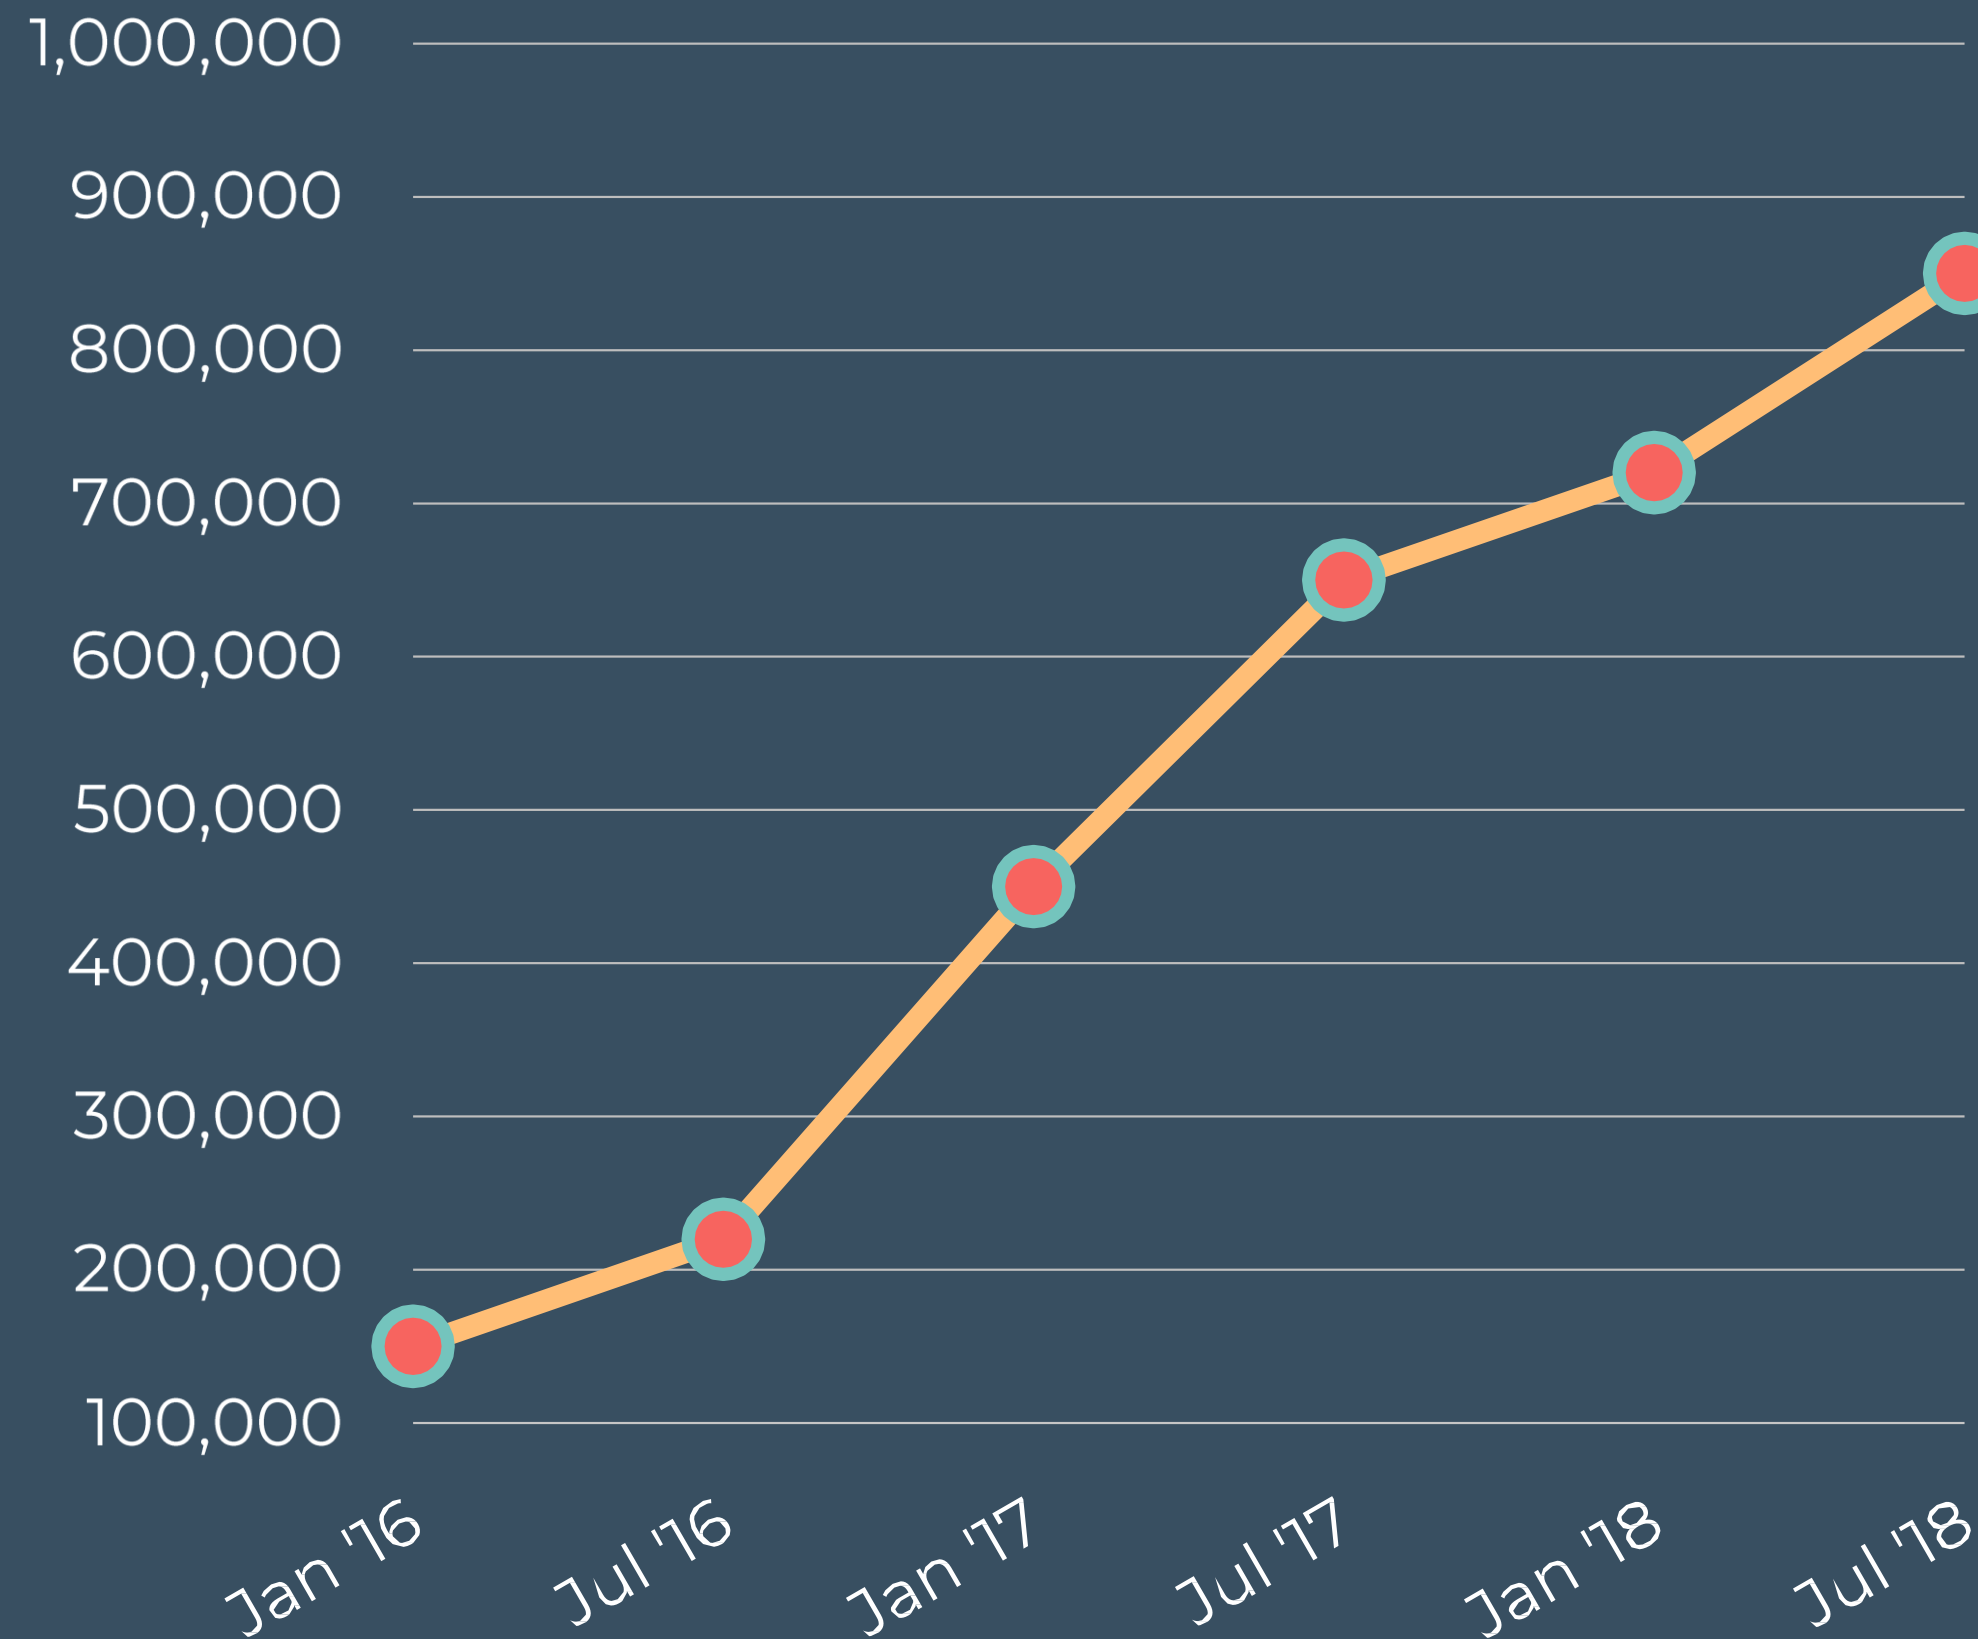

The global cryptocurrency market is projected to grow from \$910.3 million in 2021 to \$1,902.5 million in 2028 at a CAGR of 11.1% in forecast period, 2021-2028.

The largest crypto by market capitalization and ether barely moved from a week ago. A likely 50-point basis point rate hike already seems priced into markets.

LNBG STRATEGIES

Crypto investments

Investing in cryptocurrency doesn't have to be confusing and time consuming. LNBG smart trading robot, "Dex," does all the heavy lifting for you, while our expertly managed portfolio balancing algorithm manages risk, and our proprietary LNBG tokens ensure privacy while also offering added value and exclusivity for our customers. The relatively recent emergence of cryptocurrency has given birth to a worldwide financial paradigm shift closing in on a trillion-dollar market cap. the functionality and services of Inbg.

OPPORTUNITIES WITH LNBG

01

Crypto Investments

Cryptocurrencies such as Bitcoin are digital currencies not backed by real assets or tangible securities.

They are traded between consenting parties with no broker and tracked on digital ledgers.

02

Defi Trading and lending

Cryptocurrency lending platforms offer opportunities for investors to borrow against deposited crypto assets and the ability to lend out crypto to earn interest in the form of crypto rewards.

03

Real Estate & Stock Market

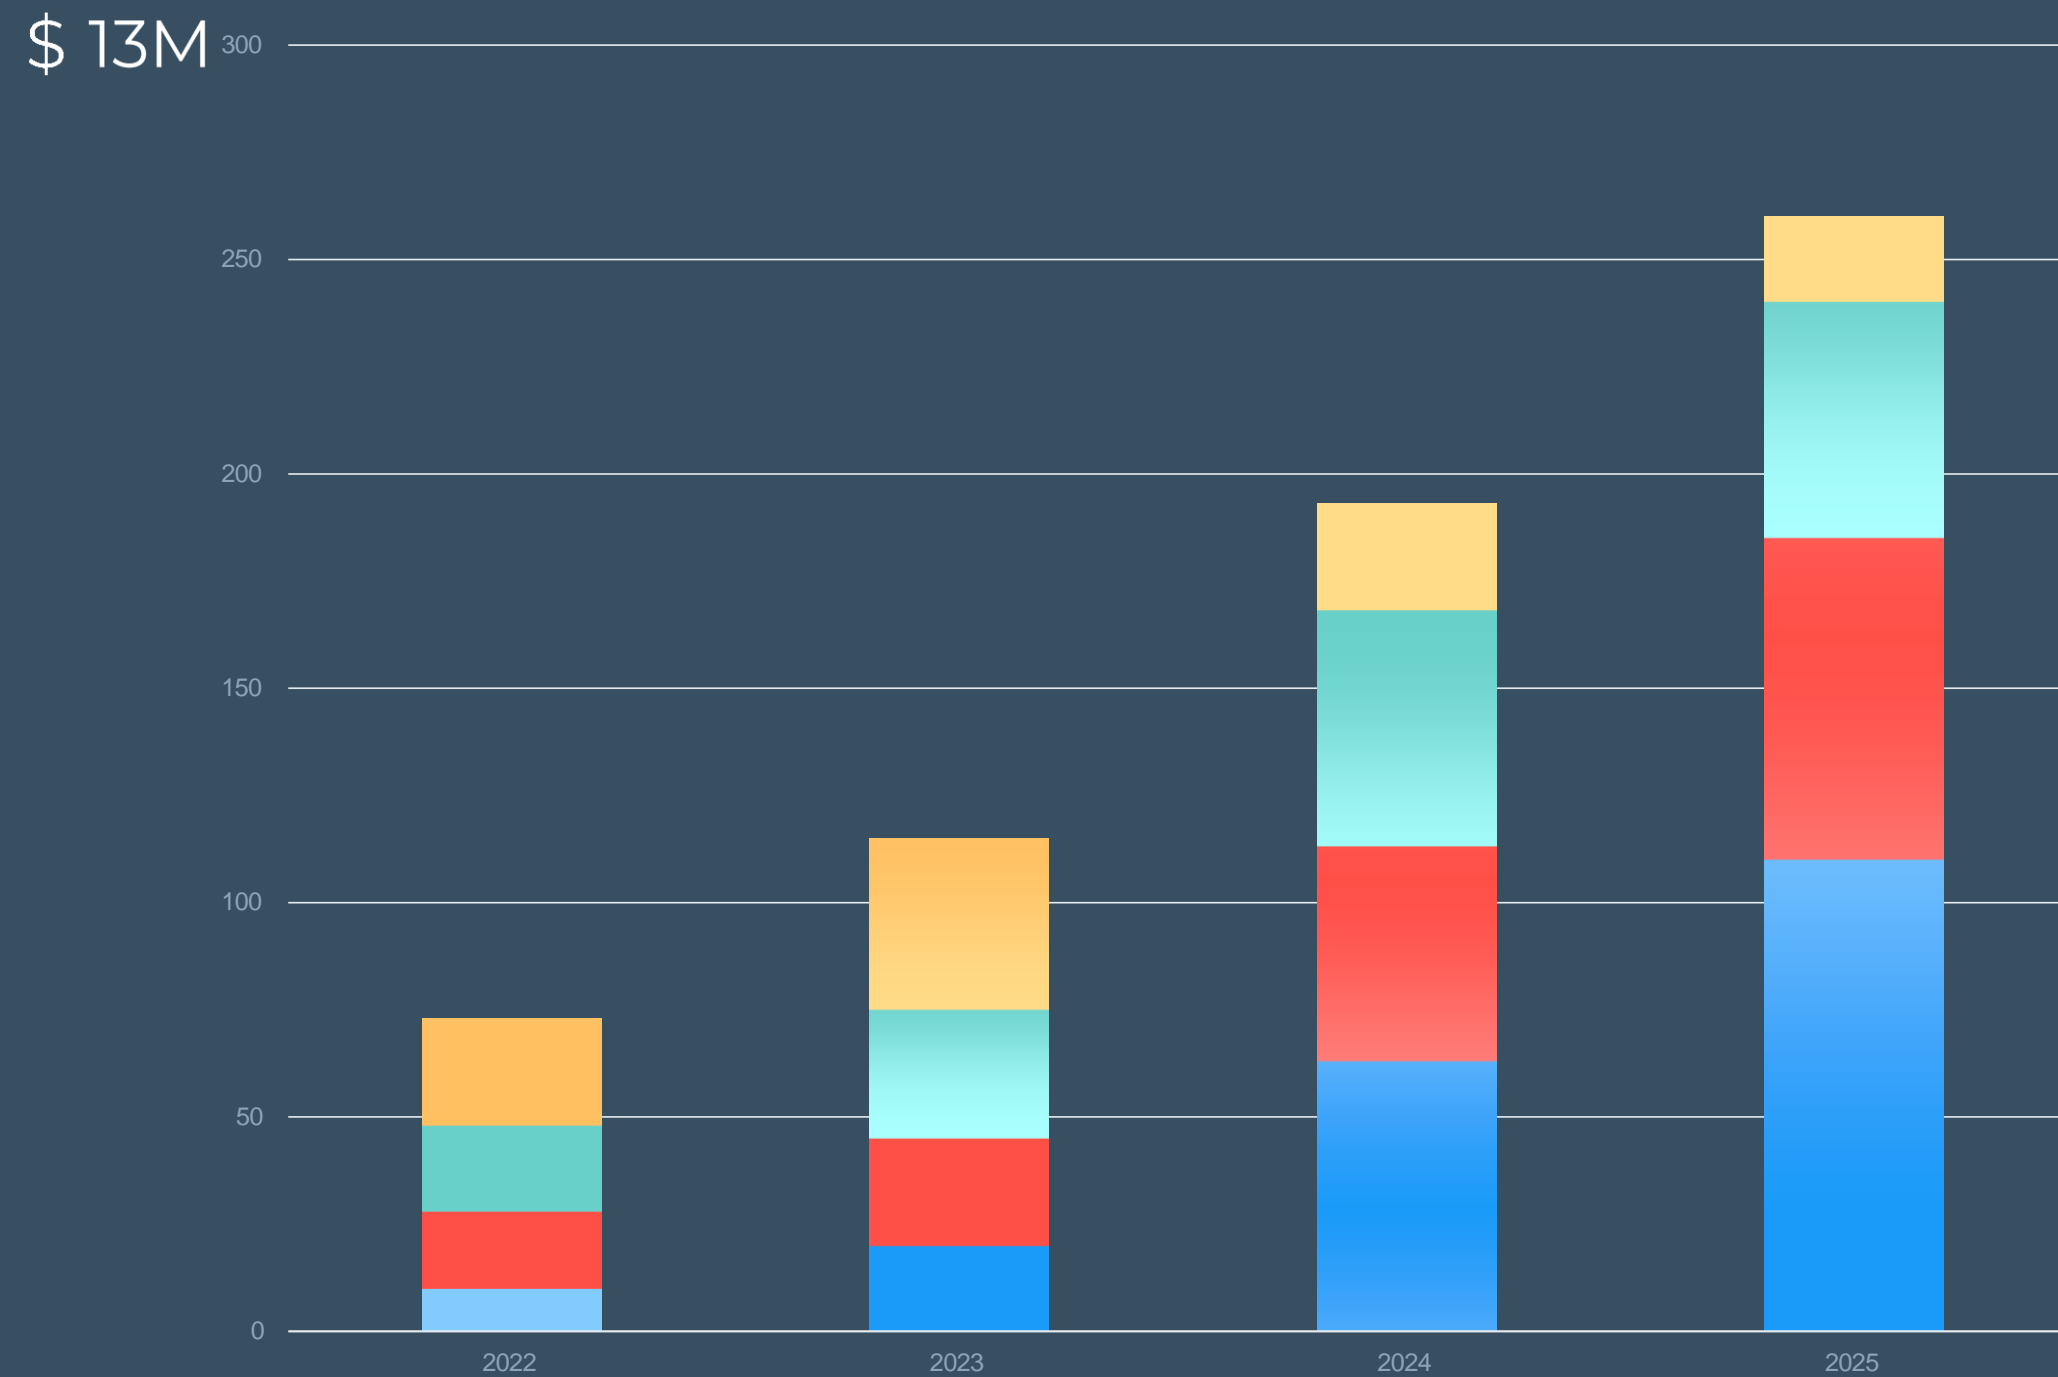

Investing in the stock market makes the most sense when paired with benefits that boost your returns, But those perks are not always available and there is a limit to how much you can benefit from them. Investing in the stock market

04

English Premier league

First crypto coin to be used as an investment into one of the Elite English Premier League Football Club, provide the opportunity to increase listed stock market and exchange values and to pave the way for future viable crypto coin investments in the English Premier League. LNBG provides a platform in which you will be able to buy and sell shares with our crypto coin, with the means to maximize your profit for a long and short term investment plan within the English Premier League. LNBG coin will enable you to build and diversify your investment portfolio with a unique opportunity in the EPL.

FINANCIAL BENEFITS

Constantly Growing Coin

The following returns are the estimated standard for each respective mode: Safe mode will average an annual time weighted return of 24-45% of the principal, Moderate moves the returns estimate to 39-63%. Finally, Aggressive Mode will return 57-83% the principal funding. These numbers are arrived at via substantial testing and averaging of actual returns from live trading bots, Returns possible outcome or uncommon, these are the baseline standards that can be reasonably expected.

RISKS AND SOLUTIONS

Extremely Volatile

Cryptocurrencies as a whole are a young and emerging market—with many projects still in the stage of explosive price discovery.

Taxes

legal landscape can change quickly and there can be uncertainty as to how new or existing tax laws apply to various crypto activities.

Scammers and Hackers

Adept hackers can also exploit vulnerabilities in software to steal your data or take control of your device, so it is crucially important to keep your software and operating system up to date

Risk Management System

(RMIS) is integrated in computer information system used to aggregate risk data and to help decision makers evaluate business risks.

Investment Management

A multi-asset strategy combines different types of assets – stocks, bonds, real estate, or cash for example – to create a more nimble and broadly diversified portfolio.

Block Chain Security

Comprehensive risk management system for a blockchain network, using cybersecurity frameworks, assurance services and best practices to reduce risks against attacks and fraud.
